Letter to the Grownup

Dear Parents and Caregivers,

Thank you for planting seeds of learning with the Harris County Public Library, Growing Readers program. This program is designed to help children from birth to age five develop the skills and learn the tools that will help them become readers and strong lifelong learners. It is never too early to begin reading to your child!

We have divided our program into three levels, Little Seeds & Little Sprouts (Prenatal & Infant,) Little Buds (Toddler,) Little Readers (Preschool). We have staff-created flashcard sets available for each of these age brackets. All of our initiatives recognize the five practices that best build early literacy skills: Singing, Talking, Writing, Reading, and Playing.

There are kits available for Toddlers and for Preschool children. These kits offer guidance for caregivers to adapt their regular activities into early literacy-building moments. We have also incorporated the national reading initiative, 1,000 books Before Kindergarten, and the word goal of children hearing 30 million Words before four into our program. You'll be able to keep track of your reading with our Beanstack App.

We currently have Family Place centers at thirteen of our branches which allow our youngest patrons to learn through play by interacting in safe, thoughtfully designed spaces. Each Family Place center also offers free parenting workshops. All twenty-six locations offer story times throughout the week. We look forward to growing little readers with you.

Regards,

Edward Melton
Executive Director

Preschool Reading

Songs About Reading:

"The More We Read Together"

The more we read together, together, together
the more we read together
the happier we'll be.
Read big books and small books
And small books and big books
The more we read together
the happier we'll be.

"B-I-N-G-O"

There was a farmer who had a dog
And Bingo was his name-o.
B-I-N-G-O, B-I-N-G-O, B-I-N-G-O
And Bingo was his name-o.

(Repeat, replacing one letter with a clap each time!)

Letter Tracing

Letter tracing is closely linked to the 3 early literacy practices of Reading, Writing, and Talking. As children develop fine motor skills and the ability to control the small muscles in their hands, the desire to scribble and write will follow shortly behind.

Tips for Fine Motor Skills:

- Encourage scribbling with crayons or outside chalk
- Make crafts together that need a glue stick to complete
- Play with playdough and encourage your child to squeeze, stretch, pinch and roll “snakes” or “worms”

Tracing Tips:

- Practice writing letters in mashed potatoes, sugar, or flour
- Help kids feel themselves making letters when they write by putting paper on top of something bumpy, like sandpaper or a rough plastic placemat.
- Emphasize the lines on tracing paper by tracing them with fabric paint or school glue. The pencil will “bump” the lines when little ones write.

Four Little Puppies

Five little puppies were playing in the sun.

This one saw a rabbit, and he began to run.

This one saw a butterfly, and he began to race.

This one tried to catch his tail, and he went round & round.

This one was so quiet, he never made a sound!
