Letter to the Grownup

Dear Parents and Caregivers,

Thank you for planting seeds of learning with the Harris County Public Library, Growing Readers program. This program is designed to help children from birth to age five develop the skills and learn the tools that will help them become readers and strong lifelong learners. It is never too early to begin reading to your child!

We have divided our program into three levels, Little Seeds & Little Sprouts (Prenatal & Infant,) Little Buds (Toddler,) Little Readers (Preschool). We have staff-created flashcard sets available for each of these age brackets. All of our initiatives recognize the five practices that best build early literacy skills: Singing, Talking, Writing, Reading, and Playing.

There are kits available for Toddlers and for Preschool children. These kits offer guidance for caregivers to adapt their regular activities into early literacy-building moments. We have also incorporated the national reading initiative, 1,000 books Before Kindergarten, and the word goal of children hearing 30 million Words before four into our program. You'll be able to keep track of your reading with our Beanstack App.

We currently have Family Place centers at thirteen of our branches which allow our youngest patrons to learn through play by interacting in safe, thoughtfully designed spaces. Each Family Place center also offers free parenting workshops. All twenty-six locations offer story times throughout the week. We look forward to growing little readers with you.

Regards,

Edward Melton
Executive Director

Letter Tracing

Letter tracing is closely linked to the 3 early literacy practices of Reading, Writing, and Talking. As children develop fine motor skills and the ability to control the small muscles in their hands, the desire to scribble and write will follow shortly behind.

Tips for Fine Motor Skills:

- Encourage scribbling with crayons or outside chalk
- Make crafts together that need a glue stick to complete
- Play with playdough and encourage your child to squeeze, stretch, pinch, and roll “snakes” or “worms”

Tracing Tips:

- Practice writing letters in mashed potatoes, sugar, or flour
- Help kids feel themselves making letters when they write by putting paper on top of something bumpy, like sandpaper or a rough plastic placemat.
- Emphasize the lines on tracing paper by tracing them with fabric paint or school glue. The pencil will “bump” the lines when little ones write.

Flannel Story Instructions

- Color all 4 little monkeys
- Cut out the 4 monkeys along the dotted squares
- Apply one “scratchy” Velcro dot to the backs of each monkey
- Use the felt piece to attach the 4 little monkeys
- Read through the flannel story and think of other silly words that rhyme
- Practice counting the 4 little monkeys
- Make up a monkey story of your own!

Four Little Monkeys

Four little monkeys jumping on the bed.

One fell off and bumped his head.

Momma called the doctor and the doctor said,
"No more monkeys jumping on the bed!"

**Repeat the rhyme as all the monkeys get bumped on the head
down from three little monkeys, two little monkeys,
one little monkey, to no little monkeys.**

No little monkeys jumped on the bed.

None fell off or bumped their head.

Momma kissed them all and put them to bed,
and she jumped all over the bed instead!

Sensory Craft

Use the "fuzzy" velcro dots to give
the monkey's bed polka dots!
