texasgroup.worldcat.org

The screenshot shows the search interface for the Texas Group Catalog. At the top, there is a blue header bar. Below it, a search box is labeled "Search Texas Group Catalog and beyond". To the left of the search box is a link for "Advanced Search" and text indicating "Databases: WorldCat.org". To the right of the search box is a dropdown menu currently set to "Texas Group Catalog". A red arrow points to the "Texas Group Catalog" option in the dropdown. Other options in the dropdown include "Libraries Worldwide", "North Texas", "Panhandle", "West Texas", "Far West Texas", "Central Texas", "South Central Texas", "Southeast Texas", and "South Texas". A "Search" button is located to the right of the dropdown menu.

Texas group catalog gives you the option to search for items in Texas only (Texas Group Catalog) or search Libraries Worldwide. Please keep in mind that not all libraries in Texas will fall under Texas Group and that your search results will probably be limited. Libraries that lend to other libraries throughout the country will fall under libraries worldwide search option. (ex. Rice University, University of Texas, etc.) We recommend that you use libraries worldwide most of the time if not all the time.
